Dear Students,

We are proceeding for summer vacations.

Vacations mean lots of fun and frolic.

This vacation offers us an opportunity to explore the fascinating world of books, meeting our friends and dear ones, minutely observing our surroundings, completing our foremost duty of preserving flora and fauna and keeping our environment clean.

We have a wonderful chance to discover our diverse interests and engage wholeheartedly in a range of activities that enhance our growth.

Thus, we all are departing with a promise to come back rejuvenated and full of energy.
